Consumption Cured.
THE JUDGE OF HANOVER COUNTY SPEAKS.
Tim. Howard suffered for three years with lung and throat troubles, and last spring was thought by his neighbors to be dying. I heard of his condition and gave him A. B. C. Tonic. Its effect was magical. In a very short time he was able to leave his bed, and now regards himself a well man. Others in this vicinity have taken the "Tonic" with pronounced benefit.
Very respectfully,

Electricity in a Kitchen.
At Alexandria, Pa., just after the heavy downpour of rain on Thursday afternoon, during which there was one flash of lightning, the wife of Dr. F. P. Blodgett went into her kitchen to get a knife which was placed just over the sink between the water pipe and the wall. As her fingers touched it, and before she could get a firm hold of it, she was sent staggering away by a severe shock of electricity. She called her husband from his office and asked him to get the knife for her. He had all he could do to keep from falling to the floor. In attempting to draw water from the pipe Dr. Blodgett received a severe shock, though a pipe in his office on the same floor was not affected in the least. Under the sink were kept the iron pots and kettles used in the kitchen. On opening the door of the sink sparks were seen jumping from one point to another with a loud noise. The utensils were removed with difficulty for fear of fire. During the display Dr. Blodgett took up a cake of soap from an iron soap dish. He did not touch the iron, but he received a shock from the soap that made every nerve tingle, and the shock continued as long as he held the soap. To day his hand is seared in places as though by a red hot iron.
The cause of this peculiar state of affairs cannot be determined. An electric light wire runs into a clothing store under Dr. Blodgett's room, but it did not touch the water pipes anywhere. Nor were the pipes of the sink in the store charged with electricity in the least. C. D. Warner, an expert electrician, was called in, but he could give no explanation of the trouble, although he made a thorough examination of the premises.

CHEAPER SCHOOL BOOKS.—"The American Book Company," recently formed, is the result of an attempt by a number of publishers to end the expense that has for years attended the distribution of school books. Consumers often wondered that a text book plainly printed and simply bound, should cost more than a novel or more serious work of the same size, particularly as school books being made in very large editions, can be manufactured cheaper than any other class of bound volumes. The reason is the appalling expense of conducting "book fights" for the purpose of ousting one series, introducing another and protecting the new one from attack. The school book "agent" has been the publisher's most expensive employe, yet some firms have maintained many of these men, whose sole business seemed to be the disturbing of the peace of school boards and teachers. The new company expects to change all this, make books cheaper, prevent frequent changes, equalize discounts and spare its members from ruinous expense.

BEAR AND DEER IN THE DISMAL SWAMP.
Hunters fond of bagging big game will have a good opportunity this fall to gratify their ambition. Bears and deer are very plentiful in the Dismal Swamp, and old residents there say they are more numerous than for many years. It is no unusual thing to see a deer sipping water from the canal bank, and several boatmen have taken flying shots at them this season. Last year thirty bears were killed on the Wallace farm alone. This is the season when the bear causes the Dismal Swamp farmer the most trouble. He raids his corn crop and plays havoc with the maturing ears. Many of the farmers have traps all through their fields and have made catches of the black-coated monsters this season.—*Norfolk Virginian*

PULLMAN VESTIBULE CARS.—At the shop of the Richmond and Danville railroad, in addition to the usual heavy work at this season, they are applying vestibules to four United States postal cars. These will run on the new Pullman vestibule grain between Washington and Atlanta. These are probably the first vestibule cars ever fitted up at any shop, except those of the Pullman Company. They will be lighted by the electric compressed gas system and heated with small hot-water radiators. The cars will be elegantly furnished and will offer credit upon the former and workers at the Danville shop—*Richmond Worker*

LAND SALES.—Messrs. Alexander Nichols and Janney, commissioners in the case of Jenkins vs. McElt, sold on Monday last 75 acres of land, near Ball's Mill, in this county, to P. F. Maffett at \$25 per acre, and 70 acres adjoining to James A. Maffett for \$19 per acre.
In Hammer vs. Moran, Commissioner Janney also sold 47 acres of land near Mount Hope for \$3.60 per acre and 6 acres for \$7.25 per acre to William S. Summers.—*Loudoun Mirror*

Take
Simmons
Liver
Regulator
One Dose
WORTH
100 Dollars

Dear S. L. R.—Friends: I consider one dose of Simmons Liver Regulator worth \$100. I was constipated, had headache, could eat nothing with satisfaction or appetite; had the blues and felt altogether out of sorts. I resorted to blue mass, calomel, quinine and all remedies suggested, but only obtained temporary relief. One dose of S. L. R. did me more good than the \$100 worth of doctors and drugging. Respectfully,
T. C. MARBLEY.

I have been a teacher for twenty years, and during that time have had repeated attacks of headache, produced by torpid liver, and I have been entirely cured by the use of Simmons Liver Regulator. I found it to be of so mild a character in its action as not to interfere, in the least, with my duties in the school room. To those similarly situated and subject to same, I cannot too highly recommend Simmons Liver Regulator.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON, August 26th, 1890.
Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "THE CITIZENS' NATIONAL BANK OF ALEXANDRIA," in the city of Alexandria, in the county of Alexandria, and State of Virginia, has complied with all the provisions of the "Act of Congress to enable National Banking Associations to extend their corporate existence and for other purposes," approved July 12th, 1882,
Now therefore I, Edward S. Lacey, Comptroller of the Currency, do hereby certify that "The Citizens' National Bank of Alexandria," in the city of Alexandria, in the county of Alexandria, and State of Virginia, is authorized to have succession for the period specified in its amended articles of association, namely until close of business on September 10, 1910.
In testimony whereof, I witness my hand and seal of office this 26th day of August, 1890.
